

## Music Curriculum: Intent

To develop in children a **loving** and **attentive** response to the music that surrounds them. To encourage them to be **curious** and **discerning** as they encounter new styles of music, as well as being fully **active** in their own composition and performances. To ensure they become increasingly more **eloquent** in their ability to describe musical elements and the emotional response music evokes.

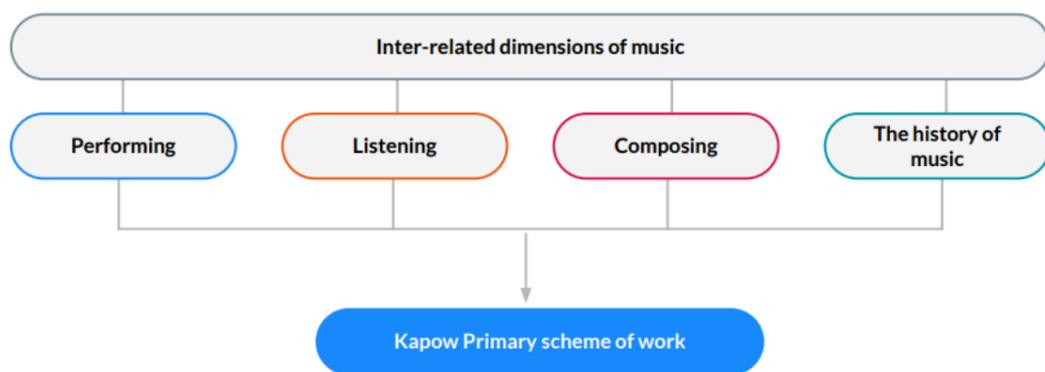

## Music Curriculum: Implementation

At St. Mary's, we will plan and deliver a range of musical activities that develop the children's abilities to:

- ☐ **Perform** - this concept involves understanding that music is created to be performed.
- ☐ **Compose** - this concept involves appreciating that music is created through a process which has a number of techniques.
- ☐ **Transcribe** - this concept involves understanding that compositions need to be understood by others and that there are techniques and a language for communicating them.
- ☐ **Describe music** - this concept involves appreciating the features and effectiveness of musical elements.

As recommended by the 2021 Model Music Curriculum, students in KS2 should also receive whole class instrumental tuition for a minimum of one term. For the academic year 2022 / 2023, KS2 will be offered instrumental lessons by R Lock, the intention for 2023/2024 is for this to be supported and delivered by the local music service. For the academic year 2022 / 2023, the main resource used for music education at St. Mary's is the KAPOW scheme of work. Resources from 'Out of the Ark' will also supplement music lessons in EYFS and KS1.

### Inter-related dimensions of music

The inter-related dimensions of music are:

- Pitch
- Duration
- Dynamics
- Tempo
- Timbre
- Texture
- Structure
- Appropriate musical notation

Ofsted have stated that: “We will not always know the learning outcomes” so segregated learning objectives at the start of each lesson are not appropriate. Instead, the interrelated dimensions of music weave through the units to encourage the development of musical skills as the learning progresses through listening and appraising, differing musical activities (including creating and exploring) and performing.

## A St. Mary's Musician has...

- A rapidly widening repertoire which they use to create original, imaginative, fluent and distinctive composing and performance work.
- A developing musical understanding underpinned by high levels of aural perception, internalisation and knowledge of music, including high or rapidly developing levels of technical expertise.
- Very good awareness and appreciation of different musical traditions and genres.
- An excellent understanding of how musical provenance - the historical, social and cultural origins of music - contributes to the diversity of musical styles.
- The ability to give precise written and verbal explanations, using musical terminology effectively, accurately and appropriately.
- A passion for and commitment to a diverse range of musical activities.
- An active role to play in the singing and sharing of secular music within school life.

## Music progression of knowledge and skills

Year Group	Nursery	Reception	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
<b>Units</b>	<p><b>Exploring Sound</b></p> <p><b>Celebration Music</b></p> <p><b>All About me! (Out of the Ark Resource)</b></p>	<p><b>*Exploring Sound to be covered in 2022 / 23 during scheme transition</b></p> <p><b>Music and Movement</b></p> <p><b>Musical Stories</b></p> <p><b>Big Band</b></p> <p><b>Space! (Out of the Ark Resource)</b></p>	<p><b>Pulse and Rhythm (Theme: All About Me)</b></p> <p><b>Musical Vocabulary (Theme: Under the sea)</b></p> <p><b>Timbre and rhythmic patterns (Theme: Fairy tales)</b></p> <p><b>Pitch and Tempo (Theme: Superheroes)</b></p>	<p><b>West African Call and Response (Theme: Animals)</b></p> <p><b>Orchestral instruments (Theme: Traditional Stories)</b></p> <p><b>Musical Me</b></p> <p><b>Myths and Legends</b></p>	<p><b>Ballads*</b></p> <p><b>*South African Instrumental Unit to be followed in 22/23</b></p> <p><b>Developing singing technique (Theme: The Vikings)</b></p> <p><b>Pentatonic melodies and composition (Theme: Chinese New Year)</b></p> <p><b>Traditional instruments and improvisation (Theme: India)</b></p>	<p><b>Body and tuned percussion (Theme: Rainforests)</b></p> <p><b>Change in pitch, tempo and dynamics (Theme: Rivers)</b></p> <p><b>Samba and carnival sounds and instruments</b></p> <p><b>Adapting and transposing motifs (Theme: Romans)</b></p>	<p><b>Composition notation (Theme: Ancient Egypt)</b></p> <p><b>Blues</b></p> <p><b>South and West Africa</b></p> <p><b>Composition to represent the festival of colour (Theme: Holi Festival)</b></p>	<p><b>Advanced Rhythms</b></p> <p><b>Dynamics, pitch and tempo (Theme: Fingal's Cave)</b></p> <p><b>Theme and Variations (Theme: Pop Art)</b></p> <p><b>Composing a Leavers' Song</b></p>
NC end of Key Stage attainment targets			<p>Key stage 1 Pupils should be taught to:</p> <ul style="list-style-type: none"> <li>♣ use their voices expressively and creatively by singing songs and speaking chants and rhymes</li> <li>♣ play tuned and untuned instruments musically</li> <li>♣ listen with concentration and understanding to a range of high-quality live and recorded music</li> <li>♣ Experiment with, create, select and combine sounds using the inter-related dimensions of music.</li> </ul>	<p>Key stage 2 Pupils should be taught to sing and play musically with increasing confidence and control. They should develop an understanding of musical composition, organising and manipulating ideas within musical structures and reproducing sounds from aural memory.</p> <p>Pupils should be taught to:</p> <ul style="list-style-type: none"> <li>♣ play and perform in solo and ensemble contexts, using their voices and playing musical instruments with increasing accuracy, fluency, control and expression</li> <li>♣ improvise and compose music for a range of purposes using the inter-related dimensions of music</li> <li>♣ listen with attention to detail and recall sounds with increasing aural memory</li> <li>♣ use and understand staff and other musical notations</li> <li>♣ appreciate and understand a wide range of high-quality live and recorded music drawn from different traditions and from great composers and musicians</li> <li>♣ develop an understanding of the history of music.</li> </ul>				

<b>Skills</b> *Also form part of the 'Inter-related dimensions of music' strand.	<b>Performing</b>	<p>(Communication and Language)</p> <p>3 / 4 year olds: - Sing a large repertoire of songs</p> <p>(Physical Development)</p> <p>3 / 4 year olds: - Use large-muscle movements to wave flags and streamers, paint and make marks.</p> <p>(Expressive Arts and Design)</p> <p>3 / 4 year olds: - Listen with increased attention to sounds. - Respond to what they have heard, expressing their thoughts and feelings. - Remember and sing entire songs. - Sing the pitch of a tone sung by another person ('pitch match'). - Sing the melodic shape (moving melody, such as up and down, down and up) of familiar songs. - Create their own songs, or improvise a song around one they know. - Play instruments with increasing control to express their feelings and ideas</p>	<p>Using their voices to join in with well-known songs from memory.</p> <p>Remembering and maintaining their role within a group performance.</p> <p>Moving to music with instruction to perform actions.</p> <p>Participating in performances to a small audience.</p> <p>Stopping and starting playing at the right time.</p>	<p>Using their voices expressively to speak and chant.</p> <p>Singing short songs from memory, maintaining the overall shape of the melody and keeping in time.</p> <p>Maintaining the pulse (play on the beat) using hands, and tuned and untuned instruments.</p> <p>Copying back short rhythmic and melodic phrases on percussion instruments.</p> <p>*Responding to simple musical instructions such as tempo and dynamic changes as part of a class performance.</p>	<p>*Using their voices expressively when singing, including the use of basic dynamics (loud and quiet).</p> <p>Singing short songs from memory, with melodic and rhythmic accuracy.</p> <p>Copying longer rhythmic patterns on untuned percussion instruments, keeping a steady pulse.</p> <p>*Performing expressively using dynamics and timbre to alter sounds as appropriate.</p> <p>Singing back short melodic patterns by ear and playing short melodic patterns from letter notation.</p>	<p>Singing songs in a variety of musical styles with accuracy and control, demonstrating developing vocal technique.</p> <p>Singing and playing in time with peers, with some degree of accuracy and awareness of their part in the group performance.</p> <p>*Performing from basic staff notation, incorporating rhythm and pitch and being able to identify these symbols using musical terminology</p>	<p>*Singing longer songs in a variety of musical styles from memory, with accuracy, control, fluency and a developing sense of expression including control of subtle dynamic changes.</p> <p>Singing and playing in time with peers with accuracy and awareness of their part in the group performance.</p> <p>Playing melody parts on tuned instruments with accuracy and control and developing instrumental technique.</p> <p>Playing syncopated rhythms with accuracy, control and fluency.</p>	<p>Singing songs in two or more parts, in a variety of musical styles from memory, with accuracy, fluency, control and expression.</p> <p>*Working as a group to perform a piece of music, adjusting dynamics and pitch according to a graphic score, keeping in time with others and communicating with the group.</p> <p>Performing with accuracy and fluency from graphic and simple staff notation. Playing a simple chord progression with accuracy and fluency.</p> <p>Performing with accuracy and fluency from graphic and staff notation and from their own notation.</p> <p>Performing by following a conductor's cues and directions.</p>	<p>Singing songs in two or more secure parts from memory, with accuracy, fluency, control and expression.</p> <p>*Working as a group to perform a piece of music, adjusting the interrelated dimensions of music as required, keeping in time with others and communicating with the group.</p> <p>Performing a solo or taking a leadership role within a performance.</p> <p>Performing with accuracy and fluency from graphic and staff notation and from their own notation.</p> <p>Performing by following a conductor's cues and directions.</p>
	<b>Listening</b>	<p>*Responding to music through movement, altering movement to reflect the tempo, dynamics or pitch of the music.</p> <p>Exploring lyrics by suggesting appropriate actions.</p> <p>Exploring the story behind the lyrics or music.</p> <p>Listening to and following a beat using body percussion and instruments.</p> <p>*Considering whether a piece of music has a fast, moderate or slow tempo.</p>	<p>Recognising and understanding the difference between pulse and rhythm.</p> <p>*Understanding that different types of sounds are called timbres.</p> <p>*Recognising basic tempo, dynamic and pitch changes (faster/slower, louder/quieter and higher/lower).</p> <p>Describing the character, mood, or 'story' of music they listen to, both verbally and through movement.</p>	<p>*Recognising timbre changes in music they listen to.</p> <p>Recognising structural features in music they *listen to.</p> <p>Listening to and recognising instrumentation.</p> <p>*Beginning to use musical vocabulary to describe music. Identifying melodies that move in steps.</p> <p>Listening to and repeating a short, simple melody by ear.</p> <p>Suggesting improvements to their own and others' work.</p>	<p>*Discussing the stylistic features of different genres, styles and traditions of music using musical vocabulary (Indian, classical, Chinese, Battle Songs, Ballads, Jazz).</p> <p>Understanding that music from different parts of the world has different features.</p> <p>*Recognising and explaining the changes within a piece of music using musical vocabulary.</p> <p>*Describing the timbre, dynamic, and textural details of a piece of music, both</p>	<p>Recognising the use and development of motifs in music.</p> <p>*Identifying gradual dynamic and tempo changes within a piece of music.</p> <p>Recognising and discussing the stylistic features of different genres, styles and traditions of music using musical vocabulary (Samba, Rock and Roll).</p> <p>Identifying common features between different genres, styles and traditions of music.</p> <p>*Recognising, naming and explaining the effect of the interrelated dimensions of music.</p>	<p>*Recognising and confidently discussing the stylistic features of different genres, styles and traditions of music using musical vocabulary. (South African, West African, Musical, Theatre, Blues, Dance Remix.).</p> <p>*Representing the features of a piece of music using graphic notation, and colours, justifying their choices with reference to musical vocabulary.</p> <p>*Comparing, discussing and evaluating music</p>	<p>Discussing musical eras in context, identifying how they have influenced each other, and discussing the impact of different composers on the development of musical styles.</p> <p>Recognising and confidently discussing the stylistic features of music and relating it to other aspects of the Arts (Pop art, Film music).</p> <p>*Representing changes in pitch, dynamics and texture using graphic notation, justifying their choices with</p>	

			<p>Listening to sounds and matching them to the object or instrument.</p> <p>*Listening to sounds and identifying high and low pitch.</p> <p>Listening to and repeating a simple rhythm.</p> <p>Listening to and repeating simple lyrics.</p> <p>Understanding that different instruments make different sounds and grouping them accordingly.</p>	<p>Describing the differences between two pieces of music.</p> <p>Expressing a basic opinion about music (like/dislike).</p> <p>Listening to and repeating short, simple rhythmic patterns.</p> <p>Listening and responding to other performers by playing as part of a group.</p>		<p>verbally, and through movement.</p> <p>Beginning to show an awareness of metre.</p> <p>*Beginning to use musical vocabulary (related to the inter-related dimensions of music) when discussing improvements to their own and others' work.</p>	<p>*Identifying scaled dynamics (crescendo/decelcendo) within a piece of music.</p> <p>*Using musical vocabulary to discuss the purpose of a piece of music.</p> <p>*Using musical vocabulary (related to the inter-related dimensions of music) when discussing improvements to their own and others' work.</p>	<p>using detailed musical vocabulary.</p> <p>*Developing confidence in using detailed musical vocabulary (related to the inter-related dimensions of music) to discuss and evaluate their own and others' work.</p>	<p>reference to musical vocabulary.</p> <p>Identifying the way that features of a song can complement one another to create a coherent overall effect.</p> <p>*Use musical vocabulary correctly when describing and evaluating the features of a piece of music. Evaluating how the venue, occasion and purpose affects the way a piece of music sounds.</p> <p>*Confidently using detailed musical vocabulary (related to the inter-related dimensions of music) to discuss and evaluate their own and others work.</p>
		<b>Composing</b>	<p>Playing untuned percussion 'in time' with a piece of music. Selecting classroom objects to use as instruments.</p> <p>Experimenting with body percussion and vocal sounds to respond to music.</p> <p>Selecting appropriate instruments to represent action and mood.</p> <p>Experimenting with playing instruments in different ways.</p>	<p>Selecting and creating short sequences of sound with voices or instruments to represent a given idea or character.</p> <p>Combining instrumental and vocal sounds within a given structure.</p> <p>Creating simple melodies using a few notes. *Choosing dynamics, tempo and timbre for a piece of music.</p>	<p>Selecting and creating longer sequences of appropriate sounds with voices or instruments to represent a given idea or character.</p> <p>*Successfully combining and layering several instrumental and vocal patterns within a given structure. Creating simple melodies from five or more notes.</p> <p>*Choosing appropriate dynamics, tempo and timbre for a piece of music. Using letter name and graphic notation to represent the details of their</p>	<p>Composing a piece of music in a given style with voices and instruments (Battle Song, Indian Classical, Jazz, Swing).</p> <p>Combining melodies and rhythms to compose a multi-layered composition in a given style (pentatonic).</p> <p>*Using letter name and rhythmic notation (graphic or staff), and key musical vocabulary to label and record their compositions.</p> <p>*Suggesting and implementing improvements to</p>	<p>Composing a coherent piece of music in a given style with voices, bodies and instruments. Beginning to improvise musically within a given style. Developing melodies using rhythmic variation, transposition, inversion, and looping.</p> <p>*Creating a piece of music with at least four different layers and a clear structure. *Using letter name, graphic and rhythmic notation and key musical vocabulary to label and record their compositions.</p> <p>*Suggesting improvements to others' work, using musical vocabulary.</p>	<p>Composing a detailed piece of music from a given stimulus with voices, bodies and instruments (Remix, Colours, Stories, Drama). Improvising coherently within a given style.</p> <p>*Combining rhythmic patterns (ostinato) into a multi-layered composition using all the inter-related dimensions of music to add musical interest. Using staff notation to record rhythms and melodies.</p> <p>*Selecting, discussing and refining musical choices both alone and with others, using musical</p>	<p>Improvising coherently and creatively within a given style, incorporating given features.</p> <p>Composing a multi-layered piece of music from a given stimulus with voices, bodies and Instruments.</p> <p>Composing an original song, incorporating lyric writing, melody writing and the composition of accompanying features, within a given structure.</p> <p>*Developing melodies using rhythmic variation,</p>

					composition. Beginning to suggest improvements to their own work	their own work, using musical vocabulary		vocabulary with confidence. Suggesting and demonstrating improvements to own and others' work.	transposition and changes in dynamics, pitch and texture. Recording own composition using appropriate forms of notation and/or technology and incorporating. *Constructively critique their own and others' work, using musical vocabulary
		(KS2 Only) The History of Music		<p>Playing untuned percussion 'in time' with a piece of music. Selecting classroom objects to use as instruments.</p> <p>Experimenting with body percussion and vocal sounds to respond to music.</p> <p>Selecting appropriate instruments to represent action and mood.</p> <p>Experimenting with playing instruments in different ways.</p>		Understanding that music from different times has different features. (Also part of the Listening strand)	*Recognising and discussing the stylistic features of different genres, styles and traditions of music using musical vocabulary. (Also part of the Listening strand)	*Confidently discussing the stylistic features of different genres, styles and traditions of music and explaining how these have developed over time. (Also part of the Listening strand)	*Discussing musical eras in context, identifying how they have influenced each other, and discussing the impact of different composers on the development of musical styles. (Also part of the Listening strand)

<b>Knowledge: The Inter-Related Dimensions of Music</b>	<b>Pitch</b>		<p>To understand that what 'high' and 'low' notes are.</p>	<p>To understand that pitch means how high or low a note sounds.</p> <p>To understand that 'tuned' instruments play more than one pitch of notes.</p>	<p>To know that some tuned instruments have a lower range of pitches and some have a higher range of pitches.</p> <p>To understand that a melody is made up from high and low pitched notes played one after the other, making a tune.</p>	<p>To know that the group of pitches in a song is called its 'key' and that a key decides whether a song sounds happy or sad.</p> <p>To know that some traditional music around the world is based on five-notes called a 'pentatonic' scale.</p> <p>To understand that a pentatonic melody uses only the five notes C D E G A.</p>	<p>To know that a bass line is the lowest pitch line of notes in a piece of music, and a walking bassline (where patterns of notes go up then down again) is common in rock and roll.</p> <p>To know that a glissando in music means a sliding effect played on instruments or made by your voice.</p> <p>To know that 'transposing' a melody means changing its key, making it higher or lower pitched.</p>	<p>To understand that a minor key (pitch) can be used to make music sound sad. To understand that major chords create a bright, happy sound.</p> <p>To know that a 'bent note' is a note that varies in its pitch, e.g. the pitch may slide up or down.</p> <p>To understand that varying effects can be created using only your voice, for example by changing the pitch, dynamic or tempo of the sounds made.</p>	<p>To know that the Solfa syllables represent the pitches in an octave.</p> <p>To understand that 'major' key signatures use note pitches that sound cheerful and upbeat.</p> <p>To understand that 'minor' key signatures use note pitches that can suggest sadness and tension.</p> <p>To know that a melody can be adapted by changing its pitch.</p>
	<b>Duration</b>		<p>To recognise that different sounds can be long or short.</p>	<p>To know that rhythm means a pattern of long and short notes.</p>	<p>To know that 'duration' means how long a note, phrase or whole piece of music lasts.</p> <p>To know that the long and short sounds of a spoken phrase can be represented by a rhythm.</p>	<p>To know that different notes have different durations, and that crotchets are worth one whole beat.</p> <p>To know that written music tells you how long to play a note for.</p>	<p>To know that combining different instruments playing different rhythms creates layers of sound called 'texture'.</p> <p>To know that playing 'in time' requires playing the notes for the correct duration as well as at the correct speed.</p> <p>To know that a motif in music can be a repeated rhythm.</p>	<p>To know that 'poly-rhythms' means many different rhythms played at once.</p> <p>To know that the duration of a note or phrase in music can be shown using a repeated symbol or the size of a symbol on a graphic score.</p>	<p>To understand that all types of music notation show note duration, including the Kodaly method which uses syllables to indicate rhythms.</p> <p>To understand that representing beats of silence or 'rests' in written music is important as it helps us play rhythms correctly.</p> <p>To know that a quaver is worth half a beat.</p>

		<b>Dynamics</b>		<p>To understand that instruments can be played loudly or softly.</p>	<p>To know that dynamics means how loud or soft a sound is.</p> <p>To understand that sounds can be adapted to change their mood, e.g. through dynamics.</p>	<p>To know that dynamics can change the effect a sound has on the audience.</p>	<p>To know that the word 'crescendo' means a sound getting gradually louder.</p>	<p>To know that changing the dynamics of a musical phrase or motif can change the texture of a piece of music.</p>	<p>To understand that varying effects can be created using only your voice, for example by changing the pitch, dynamic or tempo of the sounds made.</p>	<p>To know that a melody can be adapted by changing its dynamics.</p>
		<b>Tempo</b>		<p>To recognise music that is 'fast' or 'slow'.</p> <p>To understand that we can match our body movements to the speed (tempo) or pulse (beat) of music.</p>	<p>To know that the 'pulse' is the steady beat that goes through music.</p> <p>To know that tempo is the speed of the music.</p>	<p>To understand that the tempo of a musical phrase can be changed to achieve a different effect.</p>	<b>Securing previous objectives</b>	<p>To know that playing in time means all performers playing together at the same speed.</p>	<p>To understand that a slow tempo can be used to make music sound sad.</p> <p>To understand that varying effects can be created using only your voice, for example by changing the pitch, dynamic or tempo of the sounds made.</p>	<p>To know that a melody can be adapted by changing its dynamics, pitch or tempo.</p>
		<b>Timbre</b>		<p>To know that different instruments can sound like a particular character.</p>	<p>To know that 'timbre' means the quality of a sound; e.g. that different instruments would sound different playing a note of the same pitch.</p> <p>To know that my voice can create different timbres to help tell a story.</p>	<p>To know that musical instruments can be used to create 'real life' sound effects.</p> <p>To understand an instrument can be matched to an animal noise based on its timbre.</p>	<p>To understand that the timbre of instruments played affect the mood and style of a piece of music.</p>	<p>To know that grouping instruments according to their timbre can create contrasting 'textures' in music.</p> <p>To understand that both instruments and voices can create audio effects that describe something you can see</p>	<p>To understand that human voices have their own individual timbre, and that this can be adapted by using the voice in different ways.</p>	<p>To know that timbre can also be thought of as 'tone colour' and can be described in many ways e.g. warm or cold, rich or bright.</p>

		<b>Texture</b>		To know that music often has more than one instrument being played at a time.	To know that music has layers called 'texture'	To know that a graphic score can show a picture of the layers, or 'texture', of a piece of music.	To know that many types of music from around the world consist of more than one layer of sound; for example a 'tala' and 'rag' in traditional Indian music.	To know that combining different instruments and different rhythms when we compose can create layers of sound we call 'texture'.  To understand that harmony means playing two notes at the same time, which usually sound good together.	To understand that a chord is the layering of several pitches played at the same time.  To know that poly-rhythms means many rhythms played at once.	To understand that texture can be created by adding or removing instruments in a piece and can create the effect of dynamic change.  To know that a counter-melody is different to harmony because it uses a different rhythm as well as complementary notes.
		<b>Structure</b>		To recognise the chorus in a familiar song.	To know that a piece of music can have more than one section, e.g. a versed and a chorus.	To understand that structure means the organisation of sounds within music, e.g. a chorus and verse pattern in a song.	To know that in a ballad, a 'stanza' means a verse.  To know that music from different places often has different structural features, e.g. traditional Chinese music is based on the five-note pentatonic scale.	To know that deciding the structure of music when composing can help us create interesting music with contrasting sections.  An ostinato is a musical pattern that is repeated over and over; a vocal ostinato is a pattern created with your voice.  To understand that musical motifs (repeating patterns) are used as a building block in many well-known pieces of music	To know that a loop is a repeated rhythm or melody, and is another word for ostinato.  To know that 12-bar Blues is a sequence of 12 bars of music, made up of three different chords.	To know that a chord progression is a sequence of chords that repeats throughout a song.  To know that a 'theme' in music is the main melody and that 'variations' are when this melody has been changed in some way.
		<b>Notation</b>		To know that signals can tell us when to start or stop playing.	To understand that music can be represented by pictures or symbols.	To know that 'notation' means writing music down so that someone else can play it I know that a graphic score can show a picture of the structure and / or texture of music.	To understand that 'reading' music means using how the written note symbols look and their position to know what notes to play.	To know that 'performance directions' are words added to music notation to tell the performers how to play.	To know that simple pictures can be used to represent the structure (organisation) of music.  To understand that in written staff notation, notes can go on or between lines, and that the lines show the pitch of the note.	To know that 'graphic notation' means writing music down using your choice of pictures or symbols but 'staff notation' means music written more formally on the special lines called 'staves'.  To know that chord progressions are represented in music by Roman numerals.
