  3. Role of parents
  4. Role of staff
  5. Intimate care procedures
  6. Monitoring arrangements
- 

### 1. Aims

This policy aims to ensure that:

- Intimate care is carried out properly by staff, in line with any agreed plans
- The dignity, rights and wellbeing of children are safeguarded
- Pupils with intimate care difficulties are not discriminated against, in line with the Equalities Act 2010
- Parents are assured that staff are knowledgeable about intimate care and that the needs of their children are taken into account
- Staff carrying out intimate care work do so within guidelines (i.e. health and safety, manual handling, safeguarding protocols awareness) that protect themselves and the pupils involved

Intimate care refers to any care which involves toileting, washing, changing, touching or carrying out an invasive procedure to children's intimate personal areas.

### 2. Legislation and statutory guidance

This policy complies with statutory safeguarding guidance.

It also complies with our funding agreement and articles of association.

### 3. Role of parents

#### 3.1 Seeking parental permission

For children occasional intimate care (e.g. for toileting accidents), parents will be asked to consent to this on the New Intake form provided when their child/ren start school.

For children needing routine intimate care (e.g. for toileting), parents will be asked to sign a Permission for school to provide intimate care consent form. See appendix 2.

For children whose needs are more complex or who need particular support outside of what's covered in the permission form, an intimate care plan will be created in discussion with parents (see section 3.2 below).

Where there isn't an intimate care plan or parental consent for routine care in place, parental permission will be sought before performing any intimate care procedure.

If the school is unable to get in touch with parents and an intimate care procedure urgently needs to be carried out, the procedure will be carried out to ensure the child is comfortable, and the school will inform parents afterwards.

### **3.2 Creating an intimate care plan**

Where an intimate care plan is required, it will be agreed in discussion between the school, parents, the child (when possible) and any relevant health professionals.

The school will work with parents and take their preferences on board to make the process of intimate care as comfortable as possible, dealing with needs sensitively and appropriately.

Subject to their age and understanding, the preferences of the child will also be taken into account. If there's doubt whether the child is able to make an informed choice, their parents will be consulted.

The plan will be reviewed twice a year, even if no changes are necessary, and updated regularly, as well as whenever there are changes to a pupil's needs.

See appendix 1.

### **3.3 Sharing information**

The school will share information with parents as needed to ensure a consistent approach. It will expect parents to also share relevant information regarding any intimate matters as needed.

## **4. Role of staff**

### **4.1 Staff responsible**

Any teacher or teaching assistant may carry out intimate care.

No other staff members can be required to provide intimate care.

All staff at the school who carry out intimate care will have been subject to an enhanced Disclosure and Barring Service (DBS) with a barred list check before appointment, as well as other checks on their employment history.

### **4.2 How staff will be trained**

Staff will receive:

- Training in the specific types of intimate care they undertake
- Regular safeguarding training
- If necessary, manual handling training that enables them to remain safe and for the pupil to have as much participation as is possible

They will be familiar with:

- The control measures set out in risk assessments carried out by the school
- Hygiene and health and safety procedures

They will also be encouraged to seek further advice as needed.

## **5. Intimate care procedures**

Pupils who have an intimate care plan will be changed by the member of staff who works with them every day.

When intimate care needs to be given in the event of a toileting accident any member of staff working with that pupil can administer the care. Where possible there will be two member of staff present but this is not always practicable.

### **5.1 How procedures will happen**

Procedures will be carried out in the Foundation stage office, where the changing station is located.

When carrying out procedures, the school will provide staff with:

Gloves, cleaning supplies, a changing station, bin and spare clothes

For pupils needing routine intimate care, the school expects parents to provide, when necessary, a good stock (at least a week's worth in advance) of necessary resources, such as nappies, underwear and/or a spare set of clothing.

Any soiled clothing will be contained securely, clearly labelled, and discreetly returned to parents at the end of the day.

For pupils needing routine intimate care, this will be recorded in the Nappy changing book which is located at the changing station.

### **5.2 Concerns about safeguarding**

If a member of staff carrying out intimate care has concerns about physical changes in a child's appearance (e.g. marks, bruises, soreness), they will report this using the school's safeguarding procedures.

If a child is hurt accidentally or there is an issue when carrying out the procedure, the staff member will report the incident immediately to the DSL (Amy Pritchard) or DDSL (Maura Logan).

If a child makes an allegation against a member of staff, the responsibility for intimate care of that child will be given to another member of staff as quickly as possible and the allegation will be investigated according to the school's safeguarding procedures.

## **6. Monitoring arrangements**

This policy will be reviewed by twice each year. At every review, the policy will be approved by the LGB.

## Intimate care plan

### PARENTS/CARERS

Name of child	
Type of intimate care needed	
How often care will be given	
What training staff will be given	
Where care will take place	
What resources and equipment will be used, and who will provide them	
How procedures will differ if taking place on a trip or outing	
Name of senior member of staff responsible for ensuring care is carried out according to the intimate care plan	
Name of parent or carer	
Relationship to child	
Signature of parent or carer	
Date	

### CHILD (IF APPLICABLE)

How many members of staff would you like to help?	
Do you mind having a chat when you are being changed or washed?	
Signature of child	
Date

## Permission for school to provide intimate care.

Name of child	
Date of birth	
Name of parent/carer	
Address	
I give permission for the school to provide appropriate intimate care to my child (e.g. changing soiled clothing, washing and toileting)	<input type="checkbox"/>
I will advise the school of anything that may affect my child's personal care (e.g. if medication changes or if my child has an infection)	<input type="checkbox"/>
I understand the procedures that will be carried out and will contact the school immediately if I have any concerns	<input type="checkbox"/>
I <b>do not</b> give consent for my child to be given intimate care (e.g. to be washed and changed if they have a toileting accident). Instead, the school will contact me or my emergency contact and I will organise for my child to be given intimate care (e.g. be washed and changed). I understand that if the school cannot reach me or my emergency contact if my child needs urgent intimate care, staff will need to provide this for my child, following the school's intimate care policy, to make them comfortable and remove barriers to learning.	<input type="checkbox"/>
Parent/carer signature	
Name of parent/carer	
Relationship to child	
Date
